Introduction

Airway Vista 2018, Chronic Obstructive Airway Diseases Symposium, was held March 31[Sat] – April 1[Sun], 2018 at Asan Medical Center in Seoul, South Korea.

The Airway Vista has been hosted by the Obstructive Lung Disease Research Foundation, South Korea, since 2008. We have successfully held the Airway Vista annually which has more than 25 speakers with an audience of approximately 350.

The scientific program of the symposium includes the most significant advances in the researches of chronic airway diseases, COPD and asthma. We invited several world-renowned speakers, who are leading researchers in the field of COPD and asthma in the world. The participants of the Symposium were given the opportunity to share their cutting-edge knowledge in chronic obstructive airway diseases.

We hope you to have shared many intellectual rewards and cordial experiences with you during the Airway Vista 2018.

Sang-Do Lee, MD, Ph.D
Chairman, Organizing Committee of Airway Vista 2018
Professor, Department of Pulmonary and Critical Care Medicine,
Asan Medical Center; University of Ulsan College of Medicine

Yeon-Mok Oh, MD, Ph.D
Chairman, Scientific Committee of Airway Vista 2018
Professor, Department of Pulmonary and Critical Care Medicine,
Asan Medical Center; University of Ulsan College of Medicine

Sei Won Lee, MD, Ph.D
Secretary General, Organizing Committee of Airway Vista 2018
Associate Professor, Department of Pulmonary and Critical Care
Medicine, Asan Medical Center; University of Ulsan College of Medicine

Program Overview

March 31 [SAT]		
08:30-09:00	Registration	
09:00-09:05	Welcome Message	***Sang-Do Lee,*** Chairman, Organizing Committee for Airway Vista 2018
09:05-09:10	Congratulatory Message	***Ho Joo Yoon,*** President, The Korean Academy of Asthma, Allergy, and Clinical Immunology
09:10-09:15	Congratulatory Message	***Young Kyoon Kim,*** Chairman of the Board of Trustees, The Korean Academy of Tuberculosis and Respiratory Diseases
09:15-10:55	**Plenary 1: Overview of Airway Disease with Comprehensive Prospects**	***Sang-Do Lee***
09:15-09:40	Which should we treat present, disease activity vs. past structural change in obstructive lung diseases, COPD and asthma?	***Yeon-Mok Oh***
09:40-10:05	Genetics of pulmonary function	***Stephanie London***
10:05-10:30	COPD in non-smokers: Is it different from smoker COPDs?	***Sundeep Salvi***
10:30-10:55	Lessons from real-life research in asthma	***David Price***
10:55-11:15	Coffee Break	
11:15-12:30	**Plenary 2: Hot Issues about Airway Diseases and Medical Science (English) [Grand Auditorium]**	***Young Kyoon Kim***
11:15-11:40	Do inhaled steroids have a role in the treatment of COPD?	***Alyn Morice***
11:40-12:05	The significance of pulmonary emphysema in the absence of spirometrically defined COPD	***Graham Barr***
12:05-12:30	Artificial intelligence in medical imaging	***Joon Beom Seo***
12:30-14:00	Lunch	
14:00-15:20	**Environmental Risk Factors and Airway Disease (English) [Grand Auditorium]** ***Hae Sim Park***	**New Knowledge and Treatment of Asthma (Korean) [Auditorium]** ***Ho Joo Yoon***
14:00-14:20	In-utero exposure to cigarettes and electronic cigarettes is detrimental for lung health in offspring ***Brian Oliver***	What do symptoms tell us about asthma?: Rethinking the disease paradigm ***Woo-Jung Song***
14:20-14:40	Epigenetic effects of cigarette smoking ***Stephanie London***	Update on comorbid diseases of adult asthma ***Sae-Hoon Kim***
14:40-15:00	Household air pollution: The neglected risk factor for lung diseases ***Sundeep Salvi***	Update on asthma diagnosis and monitoring ***Joo-Hee Kim***
15:00-15:20	Outdoor and indoor air pollution for lung health in children ***Soo-Jong Hong***	New and emerging therapies for asthma ***Jae Hyun Lee***
15:20-15:40	Coffee Break	
15:40-17:00	**Strategies for the Best Managements of Airwasy Diseases (English) [Grand Auditorium]** ***Young Hwan Kim***	**Role of Drug free COPD Treatment and Reduction of Readmissions (Korean) [Auditorium]** ***Joong Hyun Ahn***
15:40-16:00	Build up Asthma-COPD Outpatient Care Unit (ACOCU) for a better management of COPD and asthma ***Le Thi Tuyet Lan***	Update on pharmacologic and nonpharmacologic therapies for smoking cessation ***Eun Mi Chun***
16:00-16:20	Is it valuable to treat the small airways in asthma and COPD? ***David Price***	Pulmonary rehabilitation in real practice after insurance coverage ***Sei Won Lee***
16:20-16:40	New horizons in the therapeutics of chronic cough ***Alyn Morice***	How to reduce COPD readmissions ***Jung-Kyu Lee***
16:40-17:00	Why do we need new biologics in severe asthma? ***You Sook Cho***	How to manage patients with oxygen and/or mechanical ventilation at home ***Eun Young Kim***

April 1 [SUN]		
08:30-09:00	Registration	
09:00-10:15	**A New Discovery of the Pathogenesis of Asthma and COPD (English) [Auditorium]**	***In-Won Park***
09:00-09:25	Cardiopulmonary Interactions in COPD	***Graham Barr***
09:25-09:50	Respiratory viral infection and the virome in asthma and COPD	***Brian Oliver***
09:50-10:15	A step toward personalised treatment in severe asthma	***Namhee Kwon***
10:15-10:35	Coffee Break	
10:35-12:05	**Panel Discussion (English) [Auditorium]**	
10:35-11:05	ACOS	***Jae Chun Lee***
11:05-11:35	Blood eosinophil as a biomarker of COPD	***Jae Seung Lee***
11:35-12:05	Symptomatic smoker with preserved lung function	***Chin Kook Rhee***
12:05-13:30	Lunch	
13:30-15:30	Poster Discussion: Asthma / COPD **[Seminar7]**	
15:30-18:30	ANOLD Meeting **[Seminar 3]**	

Speakers

Stephanie London
National Institute of Environmental Health Sciences, USA

Le Thi Tuyet Lan
University of Medicine and Pharmacy at Ho Chi Minh City, Vietnam

Sundeep S Salvi
Chest Research Foundation, India

Brian Oliver
School of Life Sciences University of Technology Sydney, Australia

Joon Beom Seo

The 19th ANOLD Meeting

ANOLD, Asian Network of Obstructive Lung Disease, is a strong network of researchers connected via Asian collaboration, which encourages an integrative, in depth understanding of obstructive lung disease. Since 2008, 12 countries such as India, Thailand, Sri Lanka, Philippines, Taiwan, Korea, Malaysia, Japan, China, Vietnam, Singapore, and Hong Kong have participated in ANOLD research. This year, 11 experts from 10 countries attended the 19th ANOLD Meeting and discussed closing the ANOLD COPD study and starting the new study regarding Bronchiectasis.

Poster Discussion Session

Travel Award

Nationality	Name	Title
Australia	Brendan Jenkins	Novel role for the AIM2 inflammasome in the pathogenesis of pulmonary emphysema
Taiwan	Tseng Chin-Hsiao	Metformin reduces risk of chronic obstructive pulmonary disease in diabetes patients

Outstanding Abstract Award

Nationality	Name	Title
Korea	Sun Hye Shin	Serial Blood Eosinophils and Clinical Outcome in Patients with Chronic Obstructive Pulmonary Disease
Korea	Ina Jeong	Gene expression profile of human lung in relatively early stage of COPD with emphysema
Korea	Min-Hye Kim	Inhaled corticosteroids is associated with increased risk of pneumonia in asthma patients
Korea	Soo Jung Kim	Association between gut microbiome and lung function in healthy subjects

2018

"It was one of the best meetings I have been to in recent years. I look forward to coming again!"

David Price

Dr. Chin-Hsiao Tseng
OLDRF

2017

"I would congratulate the organizers of this meeting, Prof. Sang-Do Lee and all of his colleagues for making this such an important part of lung community throughout the world. I think AMC and Korean pulmonary communities should be very proud of what Airway Vista has accomplished."

2016

"I thought the conference was well-organized, informative, and offered a comprehensive review of the most recent literature and clinical developments. The meeting was very high quality science and the hospitality was also wonderful."

2015

"I sincerely think that the Airway Vista this year was a success. There was proper coordination and the hospitality was great. I hope that we have another wonderful experience next year. Congratulations to all!."

2014

"It was a great experience for me to share the ideas of lung research with physicians and scientists from all over the world. I truly believe that all participants must have enjoyed the meeting."

2013

"Excellent program as well as greatly helpful staffs during the meeting! Venue was also excellently arranged and prepared. During poster discussion session (Asthma) every attendee was actively participated in the discussion and looked enjoying the meeting."

2012

"Thank you very much for the great organization. Very informative and educational conference. Well scheduled."

2011

"I thought the program was very good. It was more clinically oriented than research oriented, but this is probably appropriate for the audience. The quality of the presentations was excellent."

2010

"The meeting organization, the scientific program and the social events were beyond any expectation. The meeting will be a good memory of achievement of new knowledge and great hospitality and friends."

2009

"Topic is good, faculty are excellent! The organization, efficiency, and hospitality were all excellent. Very enjoyable and worthwhile."

2008

"I feel there was no deficiency in organizing Airway Vista at all. It was a wonderful experience both academically and as a tourist. Our best wishes and congratulation to Airway Vista Team especially Dr. Sang-Do Lee."
